OUR PRIDE IN AMES

When researchers attempted to measure the "good life," they ranked Iowa among the top 25 per cent of states, in the quality of life the state offers to its residents.

Located in the heart of Iowa, in the midst of the gently rolling countryside and irregular terrain produced by a network of small rivers and streams, the city of Ames is a prime example of what is good in Iowa. Serving as a natural focal point for transportation, education, and culture, Ames offers modern city opportunities in the warmth and neighborliness of a growing community.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Public Library, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The National Animal Disease Center, Ames, Iowa, is the United States Department of Agriculture's laboratory for investigation of livestock and poultry diseases that occur in the United States. Completed and occupied in 1961, it is a complex of fire-resistant buildings

located on a 318 acre tract of land approximately three miles northeast of the city. Constructed for approximately \$16.5 million. The laboratory with an operating budget in excess of \$80.0 million annually, each year continues to expand in research and laboratory facilities. This, the world's most modern veterinary research facility, requires as many utilities and services as a small city. Many of the animals used in various research projects are reared at the Animal Production Unit, which is located approximately one and one-eighth miles south of the main laboratory on a site consisting of some 45 acres. The laboratory employs approximately 500 persons, one-fourth of whom are scientists-research veterinarians, microbiologists, pathologists, biochemists, physicists and other biological scientists. Many support employees such as laboratory assistants, technicians and administrative personnel are also employed.

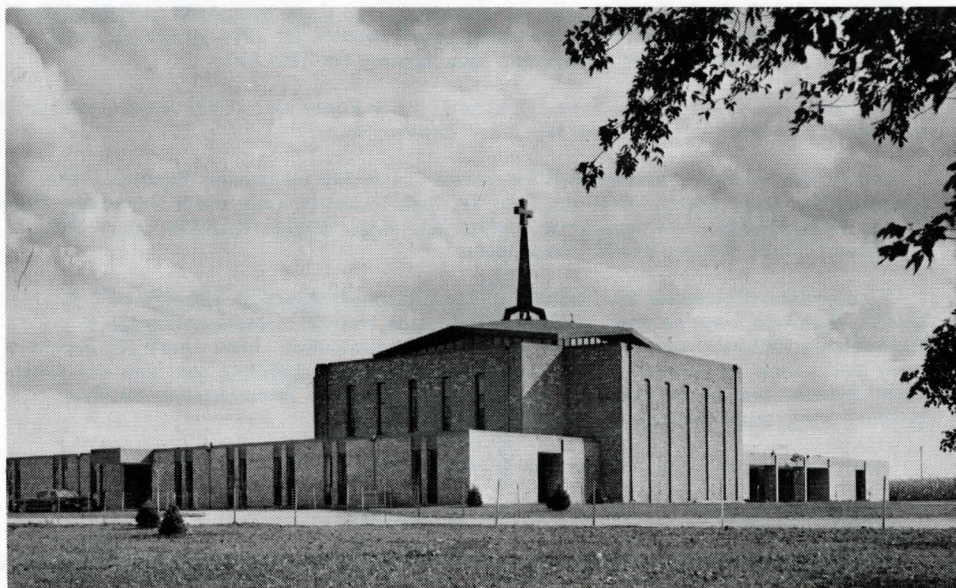

The research aims and purposes of this laboratory are to develop basic and applied information on infectious and non-infectious diseases of animals that rob the American farmers of approximately \$2 billion annually, and decrease the potential of an adequate supply of animal protein to the consumer. Investigation of each disease entity is conducted by a team of scientists who have different and specialized training.

In addition to the research program, two USDA veterinary regulatory groups have programs associated with the laboratory. These include setting standards and testing veterinary biologics for safety, efficacy, purity and potency, and providing nation-wide diagnostic services to support Federal programs for the control and eradication of animal diseases.

THE IOWA DEPARTMENT OF TRANSPORTATION

The Iowa Department of Transportation, established by legislation passed by the 65th General Assembly in early 1974 and mandated to begin official functions July 1, 1974, is responsible for coordination of the various facets of Iowa's transportation system.

Seven Commissioners appointed by the Governor are responsible for determination of general operating policies which are carried out by the Director of Transportation and the Department staff.

The Department of Transportation brings together into one agency, transportation responsibilities formerly handled by the Aeronautics Commission, Highway Commission, the Motor Vehicle Divisions of the Department of Public Safety, the Transportation Regulation Division of the Iowa Commerce Commission and the Iowa Reciprocity Board. Additional responsibilities in the areas of Public Transit and River Transportation are handled by the newly created divisions.

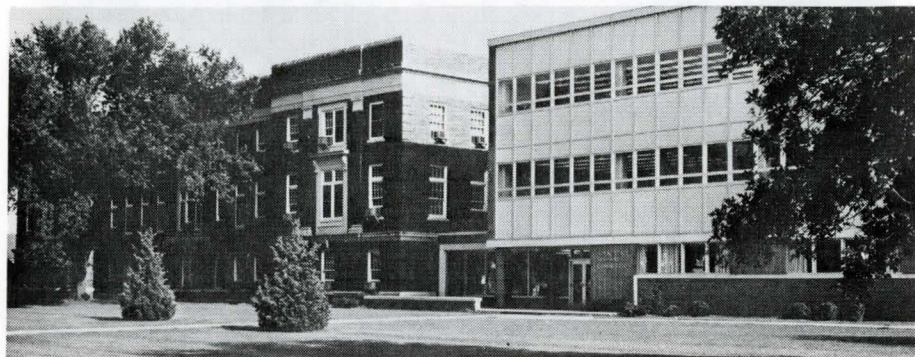

The purpose of the Department of Transportation is summed up in the beginning of the DOT policy state: 'The goal of the Iowa Department of Transportation is to assure adequate, safe and efficient transportation facilities for Iowa citizens by developing a total system which serves user needs and provides maximum economic and social benefits.'

The Department includes nine divisions and a Transportation Regulation Board. The duties and responsibilities are summarized below.

ADMINISTRATION DIVISION: Provides general administrative and support services such as accounting, purchasing, information, data processing, personnel, facilities management and fleet operations.

HIGHWAY DIVISION: Responsible for project planning, design and Right-of-Way acquisition resulting in construction, and inspection of contracted primary road projects. Responsible for maintaining Iowa's primary road system for safe usage by the public. Acts as liaison in obtaining and disbursing federal highway funds.

AERONAUTICS DIVISION: Handles aircraft and pilot licensing, aircraft registration and airport programs. Acts as liaison in distributing federal aviation funding.

Central offices of the Iowa State Highway Commission in Ames, complete in 1961.

MOTOR VEHICLE DIVISION: Responsible for vehicle registration, drivers licenses, reciprocity and prorated truck registration, motor vehicle inspection, dealer's licenses, truck regulation, traffic weight operations, and toll bridge operations.

RAILROAD TRANSPORTATION DIVISION: Responsible for safety inspection of track, research and analysis of rail systems, and the state Rail Assistance Program.

PUBLIC TRANSIT DIVISION: Responsible for public transit planning and investigation of feasibility of various types of public transit. Acts as state designee for disbursement of federal mass transit funding.

RIVER TRANSPORTATION DIVISION: Coordinates use of river transportation with other transportation modes and examines potential for more efficient use of Iowa's waterways.

TRANSPORTATION REGULATION BOARD: Regulates routes and fees charged by truck and rail carriers, determines operating regulations and rules on transportation issues, changes in service, applications for public certificates of convenience and necessity.

PLANNING AND RESEARCH DIVISION: Responsible for DOT policy analysis, advance planning and determination of priorities. Collection of data to be used in transportation planning and coordination of transportation planning between state and local governments and transportation economic studies.

GENERAL COUNSEL DIVISION: Legal staff assigned from the Attorney General's office handles legal matters for the DOT.

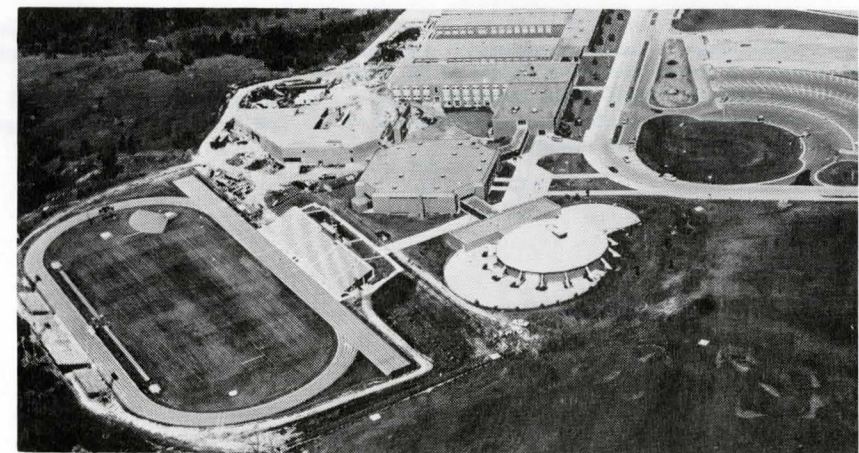

More than 5,000 people are employed by the Iowa Department of Transportation in its various divisions. At present, the Administrative, Highway, Planning and General Counsel Divisions are headquartered in Ames.

AMES PUBLIC SCHOOLS

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises twenty buildings, with a present total new replacement value of \$22,681,164. This plant includes the new Senior High School; the downtown Central Junior High School; Welch Junior High; Crawford, Edwards, Fellows, Meeker, Mitchell, Northwood, Roosevelt, Sawyer elementary schools and Willson School for the trainable mentally retarded; and the Maintenance Building. The Lincoln Elementary School has been converted to Central Administration.

Ten projects were completed during the past nine years. A stadium with a well-lighted football field and an all-weather Grasstex track was used for the first complete football season in the fall of 1966. Connected with this stadium is a senior high school gymnasium that was dedicated in February, 1967. A joint city-school recreation building housing a 75' x 75' swimming pool is connected with the gymnasium and is used jointly by the school and city. A new elementary school, the Fellows School, was dedicated in April, 1967. A new Welch Junior High School for the west side of Ames was opened in the fall of 1968. Additions were built to elementary schools to provide them with needed classrooms and Central facilities, particularly instructional material centers. Mitchell & Northwood elementary schools were completed in 1970. In December 1972, the Fine Arts Wing of Ames Senior High School was dedicated. It provides outstanding facilities for art, drama, and music and is used extensively for school and community activities.

During the past twenty years, ten different bond issues were successfully carried to authorize the construction of five elementary schools, additions to nine elementary schools, remodeling of junior high school facilities, a new high school, and a new junior high school. The most recent of the ten successful bond issues, the \$3,900,000 issue approved in March, 1968, provided funds to build two new elementary schools, additions to four elementary schools, an addition to the Senior High School, and an addition to the Welch Junior High School. The senior high school was constructed a unit at a time as funds permitted on a beautiful, spacious 74-acre site. There were a total of 112 elementary classrooms with related facilities and 67 secondary classrooms in these construction projects.

Ames Senior High School

Pupil enrollment, exclusive of about 2,000 people in adult education, is 5,497. There are approximately 368 teachers and other professional staff members and 220 other personnel—secretaries, food service employees, teacher associates, and custodians. The average teaching load has been kept at about 25 children per teacher. The Ames schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels. There also are special education services for children at all levels.

THE IOWA STATE CENTER

C.Y. Stevens Auditorium—seating 2,660 for concerts, opera, ballet, drama and similar events. Special attention to acoustical qualities. Facilities for motion pictures and closed-circuit television.

The Jame J. Hilton Coliseum—The Hilton Coliseum is the largest of the four buildings planned in the Iowa State Center complex. Seating for 14,000 for commencement exercises.

stage and arena programs too large for auditorium-theater presentation, meetings, banquets, exhibits and displays. Good acoustics. It is also used for basketball and has an ice floor for hockey, ice shows and ice skating.

The Iowa State Center

Fisher Theater-This intimate theater seats 424 patrons for student plays, small musical groups, lectures, dance recitals and similar programs.

Scheman Continuing Education Building-The final building, now under construction, is the Scheman Continuing Education Building. It is designed to serve approximately 30,000 persons who each year visit the campus for meetings, extension courses and conferences. It contains a 400-seat auditorium and 14 conference rooms.

I.S.U. Stadium-Separate from, but attached to the ISU Center is the new football stadium. The stadium shares parking facilities with the center.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages. Social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

IF ALL REAL ESTATE FIRMS PERFORM THE SAME FUNCTIONS,

WHY SELL YOUR HOME THROUGH GALLERY OF HOMES?

The answer is simple.

SERVICE

Gallery of Homes is a national organization of local real estate firms.

Chances are when you list your home with us, you'll not only see prospects from your region, but prospects moving into your neighborhood from out of town too.

That's important. The more prescreened people who see your home, the better your chances of a sale.

It's just one of the reasons for choosing Gallery of Homes.

Phone Gallery of Homes today. It only takes a minute and it could mean a smoother sale for you.

Put two names you can trust right in your front yard.

STANBROUGH
REALTORS®

**Better
Homes
and Gardens®**

When you list your home for sale with Stanbrough, REALTORS®, you work with a leader—an independent firm selected over all others in this area. We were chosen for our integrity, for our business reputation, for our record of client satisfaction in this community.

What does this mean to you?

It means we give you a large market of qualified buyers. We help you sell your home fast, at a good price. We also have valuable information for you—everything from decorating to taxes—all with the authority of Better Homes and Gardens®, the magazine trusted by millions of American homeowners since 1922.

If you move out of town, the Better Homes and Gardens® Relocation Service puts you in touch with real estate professionals in your new community, who provide you with advance information on homes there.

Put two names you can trust on the sign right in your front yard: Stanbrough, REALTORS® and Better Homes and Gardens®.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of residents, business concerns and institutions, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

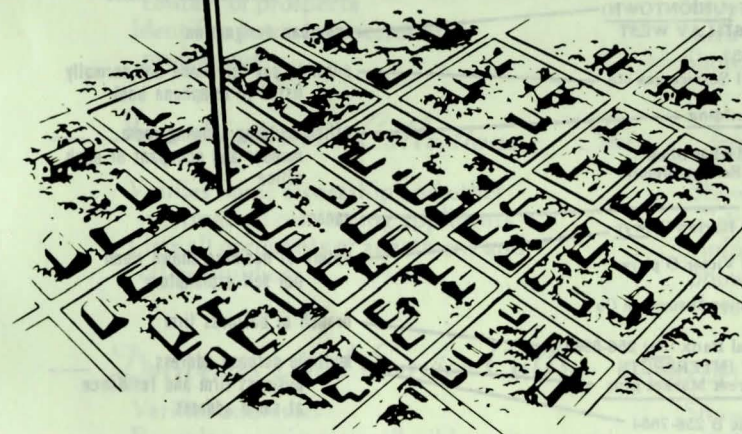

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

YOUR CITY DIRECTORY— AN INVESTMENT—A BUSINESS TOOL

- ★ NEW NEIGHBOR SYMBOL
- Ⓢ HOMEOWNER SYMBOL
- Ⓡ RESIDENT OR ROOMER
- ⓗ HOUSEHOLDER

Four major directories in one volume:

- 1 Classified Business Directory . . . the names and addresses of all business and professional firms listed under appropriate headings.
- 2 Alphabetical Directory . . . all adult residents including: name—marital status—address—occupation—employer—householder or resident—retiree—student—member of Armed Services. AND . . . all business and professional firms including: Firm name and address—officers—owners—partners—managers—products or services.
- 3 Street Directory of Householders and Businesses . . . Every street address including: Individual Householder—telephone number—homeowner or renter—new resident—apartment building—business firm—type of business—office building—street description—intersecting streets—ZIP codes.
- 4 Numerical Telephone Directory . . . Telephones in number sequence including: Individual name—business firm name—pay telephones.

Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publisher at the address in the front of your Directory.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

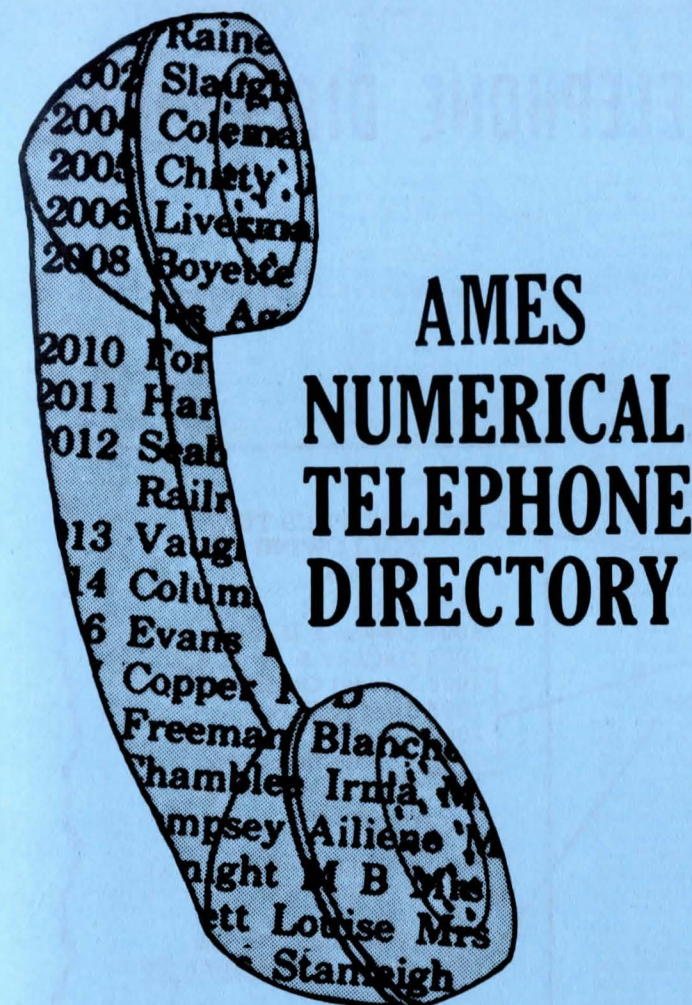

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

AMES NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

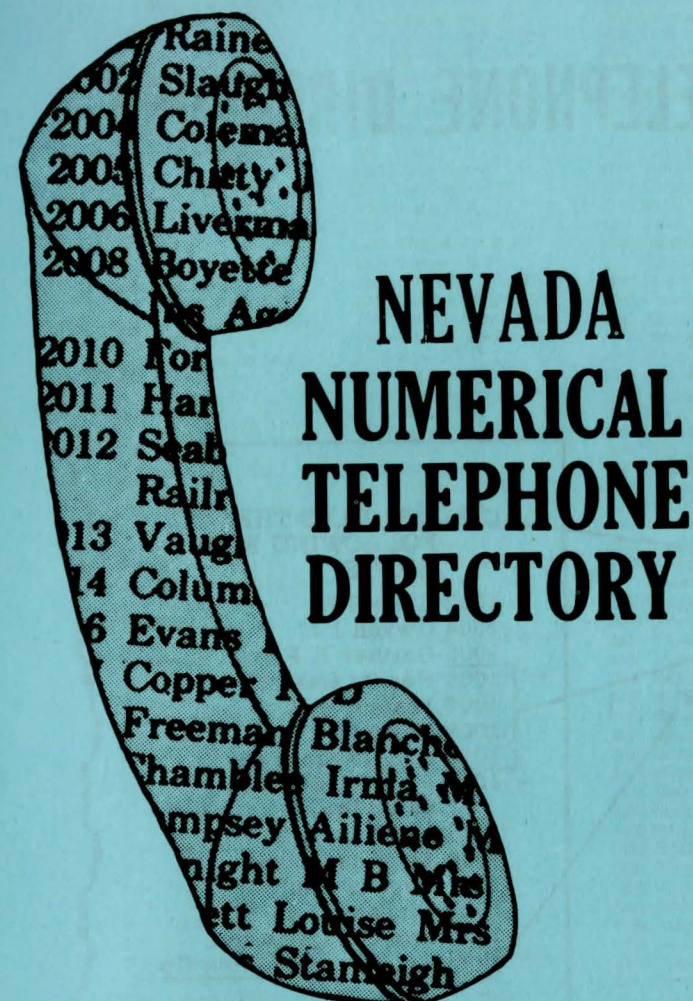

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

NEVADA NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

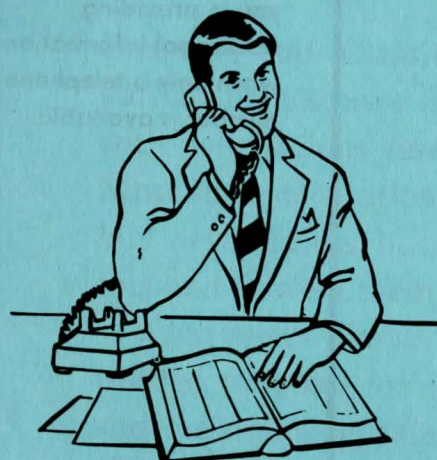

This Directory is designed to assist you in providing additional information when only a telephone number is available.

NUMERICAL TELEPHONE DIRECTORY BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.
